Houston Texas CHIC

URBAN

How convenient is this: your Lofts on Post Oak home is a quick walk away from the incredible stores of The Galleria, as well as many other great retail shops. And when a friend says "let's have something really good to eat," you're in the right place, because dozens of the city's best-known restaurants, bars and cafes are in the Uptown area. There's nothing like living in the epicenter of cool.
